THE POWER OF THANK YOU (PART ONE)

We've all seen the numbers. Roy Morgan figures show charity donations have fallen around one size per cent since 2011 as donor fatigue takes its toll on Australia's not-for-profit sector. WHAT OUR AGENTS SAY

A few years ago now my grandfather pointed out that I sounded very tired and that I seemed unhappy. He advised me to look for a new job and to always work on being happy. Sadly, that advice was to be the last conversation I had with him. Not long after that advice, while I was on my daily 2 hour commute I discovered an advertisement for telecommuting with OURTEL. My thought was, why not give it a go? Now I couldn't be happier! With no commuting, I am saving money, have plenty of free time and I am able to enjoy my beautiful children more. OURTEL encourage a great team environment, my office may be virtual yet I am always supported by management and fellow agents so I am never alone. Knowing that I am making a difference in helping many outstanding Australian charities, keeps me inspired, passionate and overwhelmingly rewarded in so many ways. I am content with my life now, happiness is a part of each day which can only mean great things for myself and my family moving forward. A big thank you to my lovely grandfather who directed me to make a positive change in my life and of course to OURTEL!

What We Do

Our Approach

OURTEL Fundraising Solutions' "POWER OF PHONE" revolves around the quality of our agents and our Multi-Stage telefundraising approach.

OURTEL employs its unique Multi-Stage approach to intelligently build the donor base and effectively move donors through the lifecycle.

Our telecommuting model combines with the Multi-Stage approach to leverage the POWER OF PHONE (POP). This provides our clients with an improved return on their investment through higher yields at lower costs, whilst protecting the client's brand and enhancing the donor relationship.

OURTEL performs its work on a fee for service basis and measures performance against mutually agreed targets. OURTEL does not offer work for commissions or incentive based employment.

But beyond we have successfully created a working culture that rewards, achieving consistency in performance, protecting the client's brand and creating a positive client experience.

Money Back Guarantee

PropertyForSaleByOwner.com.au offers a Money Back Guarantee.

Our Money Back Guarantee comes into force only if your property isn't SOLD or LEASED, or if your business isn't SOLD, through our Service Options. Then we will refer you to one or two local reputable real estate or business agents and, upon successful sale of your property or business by this agent, refund your initial upfront fee.

(See "Terms & Conditions")

PropertyForSaleByOwner.com.au will examine your property or business and then recommend up to two local real estate or business agents. If you are satisfied with one of these local agents to engage in the Sale or Lease of your property or Sale of your business, we then contact the chosen agent to negotiate the best commission rate and advertising costs for you.

The PropertyForSaleByOwner.com.au Money Back Guarantee is only available to clients who engage one of our recommended local real estate or business agents to sell or lease their property, or to sell their business, and after the services of a real estate or business agent has been engaged, these clients may no longer utilize the services of PropertyForSaleByOwner.com.au.

The initial upfront fee, only, is included in the Money Back Guarantee and not recurring and monthly fees that have been paid.

Please feel free to call PropertyForSaleByOwner.com.au on 1300 660 868 or contact PropertyForSaleByOwner.com.au if you would like to discuss our Money Back Guarantee.
